rajendarreddy108@gmail.com | +919390617374 | DOB - 31 May, 2000 | Hyderabad, Telangana

#### **SUMMARY**

I am a dedicated Full Stack Python Developer with expertise in Python, Django and web technologies like HTML, CSS, Bootstrap, JavaScript, and Angular. With hands-on experience in analyzing datasets and building RESTful APIs, I bring a strong foundation in both front-end and back-end development. My proficiency in frameworks, databases (MySQL, MongoDB), and tools like Git, GitHub and AWS. I'm passionate about leveraging data analysis (NumPy, Pandas, Matplotlib) to solve complex problems. Currently I searching for jobs, I completed internships in Full Stack Web Development Intern and Python Development Intern, I have internship offer letter and certificate, I have course completed certification and participated in several certification programs.

#### **EDUCATION**

**B. Tech:** CSE(AI&ML)
Sri Indu Institute of Engineering & Technology

CGPA: 6.42

Intermediate: MPC
Sri Gayatri Junior College
2018 - 2020
Percentage: 78.8%

SSC 2017-2018 Shadnagar English Medium High School CGPA: 7.8

#### SKILLS

• **Programming Languages:** Python

• Data Analysis Tools: NumPy, Pandas, Matplotlib

• Web Development: HTML, CSS, Bootstrap, JavaScript, Angular

• Frameworks: Django, Rest API

Database Management: MySQL, MongoDB
 Tools & Technologies: Git & GitHub, AWS

• Soft Skills: Communication, Problem-solving, Leadership, Creativity

• MS Office: Excel, Power Point, Word

#### **PROJECT**

**Project:** Google Play Store Data Analysis **Tools:** Python, NumPy, Pandas, Matplotlib

**Description:** Analyzed a dataset of 10,000 Google Play Store apps from Kaggle to gain insights into app ratings, categories, installs, and other key metrics. Used Python libraries (NumPy, Pandas) for data manipulation and Matplotlib for visualizations to identify trends and patterns in app performance.

#### **EXPERIENCE**

# 1. Internship

Company: CodSoft

Role: Python Development Intern

**Duration:** October 1, 2024 - October 31, 2024

**Key Projects:** 

• To-Do List: Created a task management app for adding, updating, and tracking tasks.

• Calculator: Built a basic calculator with arithmetic functions.

• Password Generator: Developed a tool to generate secure, customizable passwords.

• Rock-Paper-Scissors Game: Designed a game with logic for user vs. computer play.

• Contact Book: Implemented an app for storing, searching, updating, and deleting contact information.

Certification: Awarded a completion certificate by CodSoft.

## 2. Internship

**Company:** Unified Mentor Private Limited **Role:** Full Stack Web Development Intern

Duration: November 15, 2024 - December 15, 2024

Project 1: Developed a Super Mall Web Application that allows two roles: Admin and User.

Admin: Admins are authorized personnel responsible for managing the entire application. They have exclusive access to handle and oversee all functionalities.

User: Users can access the application to utilize its features and services as intended.

Note: When you signup secret key is 31052000 and all data is stored in their respective local storage.
